

# FURCATION RECRUITMENT

## Role: Engineering Assistant

### Description

Furcation is looking to recruit assistant engineers to help design and build items for the theming of Furcation events, as required by other departments. You will be required to help build the items before the event, and then install and dismantle pre/post event, as well as coping with ongoing maintenance and repairs of equipment. This role will also require in the field solutions.

### Requirements

- Practical application of engineering (woodworking, electrical, general labour, mechanical) is required.
- Willingness to contribute to the design of ideas and solutions.
- Health and Safety qualifications, or documentable knowledge is essential.
- Demonstration of ability (such as photos/demonstrations of your work) is advantageous, but not essential.
- If no demonstration's available, a willingness to learn new skills quickly will suffice.
- Ability to be able to build at home, or to visit a central location to assist with building prior to the event.

### How To Apply

Please go to the website <https://support.furcation.org.uk/open.php>, and choose "recruitment" from the drop-down menu then fill out the application form adding in "Engineering Assistant".
