

Camera Operator/Video Editor

Type: VOLUNTARY

Reports to: Head of Production

Description

Furcation is looking to recruit Camera Operator/Video Editor volunteers to join a well-established, friendly and welcoming team. This position will sit within the Production Services Team. You do not need a formal degree or videography training for this role but if you have it, even better!

You may also be required to assist the wider Production Services team during setup, and lift items over 15KGS.

Equipment

While we can supply some equipment, it would be beneficial if you have your own equipment. It doesn't need to be a top of the line camera, often we hear "My camera isn't good enough" or "its old" but when we see what you can do with it, we can be blown away.

Requirements

- Good communication and timekeeping skills are essential for this role
- Previous experience working at other events within a production/videography environment is desirable but not essential. We will be able to offer advice and some training prior to the event
- Knowledge of Health and Safety is also highly preferential, as we will be operating in attendee spaces

Please note, we would like to see examples of your work. This can be either a professional portfolio, or something as simple as a YouTube video that you have worked on.

How to Apply

Visit support.furcation.org.uk, Click "Open a new Ticket", Submit a Ticket with the Help Topic of "Recruitment" with "Camera Op/Video Editor" in the 'Role you are applying for' field
